ReeVerse Poa

ReeVerse Poa contains PGA VII Plus, Humic Acid, Iron and a blend of genus *Bacillus*, *Seaweed sp.*, *Neem*, *Streptomyces*, various pseudomonas, nitrogen fixing bacteria, vitamins B, B2, B6, B12, C, K, Biotin, folic acid, natural sugars, along with proprietary Pene carrier complex and also contains a blend of several strains of non-pathogenic aerobic and facultative bacteria with stabilizing and suspending agents. Enzymes produced include Amylase, Lipase, Protease, Cellulase, also Turf Restorer that contains a host of natural ingredients such as moonseed, wild yam root, kelp, barley, grass, aloe vera & others. This product is designed to give Bermuda grass, bent, ryegrass and other turf grasses a competitive advantage over Poa reptans, Poa annua, and crabgrass.

Net Contents
2 gallons / 256 fl. Oz. / 7571 ml/20.5 lbs.

Suggested Application Instructions

Greens, Fairways & Turf: Apply at 3 oz / 1000 sq ft every 14-21 days during the growing season until desired results are obtained. This product is especially useful to promote recovery after extensive wear, drought, or cold damage. Aid in growth stimulation on shoots and in enhanced root development. Can be applied anytime during growing season. Best results occur when applied in the early morning or evening. **Can be used on Bent grass or Bermuda grass over-seeded turf.

Note: DO NOT MIX THIS PRODUCT WITH FUNGICIDES

Tank Mixing: Should be done. ReeVerse Poa is compatible with all liquid fertilizer formulations of nutrients and should be mixed in the following order: 1) liquid fertilizer, 2) calcium, and then 3) ReeVerse Poa

Caution: This fertilizer is to be used only on soils, which are low in molybdenum.

SHAKE WELL BEFORE USING *Do Not Freeze*

Store in cool area
Store above 45°F

Guaranteed Analysis

Total Nitrogen (N).....	2.00%
Sulphur (S).....	1.00%
Combined Sulphur.....	1.99%
Iron (Fe)	0.600%
Copper (Cu)	0.040%
Boron (B)	0.010%
Molybdenum (Mo)	0.010%
